

PP10 TRANSFER OF STUDENTS BETWEEN PROVIDERS

PURPOSE

The purpose of this policy is to ensure compliance with Standard 7 of the National Code 2007 and the Education Services for Overseas Students (ESOS) Act 2000 for assessing and administering requests for a transfer between registered education providers.

SCOPE

This policy applies to all staff of Southern Cross Education Institute who are involved in processing student requests for a transfer between registered education providers and to international students studying on a student visa, who request a transfer to another registered education provider.

DEFINITIONS

SCEI	Southern Cross Education Institute
Student	A person (whether within or outside Australia) who holds a student visa as defined by the ESOS Act, but does not include students of a kind prescribed in the ESOS Regulations
Compassionate	Family, medial or "well-being" reasons for supporting a transfer
Exceptional circumstances	Circumstances that are generally out of the control of the student, which affect their course progress or well-being
CoE	Confirmation of Enrolment
ESOS	Education Services for Overseas Students (ESOS) Act 2000
National Code 2007	National Code of Practice for Registration Authorities and Providers of Education and Training to Overseas Students (2007)
Principal course of study	As defined in the National Code of Practice 2007, the main course of study to be undertaken by an overseas student where a student visa has been issued for multiple courses of study. The principal course of study would normally be the final course of study where the overseas student arrives in Australia with a student visa that covers multiple courses.
Registered education provider	An institution recommended by a designated authority for registration under the ESOS Act to provide a specified course in that state to overseas students; and the provider is registered by the Secretary of DEST on CRICOS.
Release letter	A letter authorising a student be released from one registered education provider so that they are able to enrol with another registered education provider

POLICY

1. Southern Cross Education Institute will not knowingly enrol any transferring international student prior to the first six months of their principal course being completed unless that student has a valid Letter of Release agreeing to such a transfer from their current registered education provider.
2. International students requesting a transfer from SCEI to another registered education provider prior to completion of the first six months of their principal course of study must request approval to transfer to transfer and obtain a Release Letter.
3. Application for transfer will be assessed and an outcome provided to the student within 10 working days of receipt of the application by Student Welfare.
4. As required by the National Code 2007 (S7.3), before a Release Letter is approved and issued, the student must present a valid letter of offer of enrolment with the receiving registered education provider.

5. In accordance with the National Code 2007 (S7.2), SCEI will refuse the issue of a Release Letter if the transfer would be considered detrimental to the student and the circumstances for approving the issuance of a Release Letter have not been satisfied.
6. Factors that would be considered detrimental to the student include:
 - 6.1. A transfer may jeopardise a student's progress through a package of courses
 - 6.2. A student has recently commenced their course of study and has not accessed or been provided with the full range of Student Support services
 - 6.3. If the student is attempting to avoid being reported to DIBP for failure to meet the attendance and academic progress requirements of the course of study
7. The submission of a request to transfer to another registered education provider by an international student does not preclude the international student from maintaining adequate course attendance and satisfactory course progression and therefore meeting their student visa conditions.
8. SCEI will issue warning letters and/or report students to DIBP who do not maintain adequate attendance or course progression, which may have implications for visa status.
