Principal course of study	As defined in the National Code, the main course of study to be undertaken by an overseas student where a student visa has been issued for multiple courses of study.  - 1.1. the releasing registered provider has agreed to the overseas student’s release and recorded the date of effect and reason for release in PRISMS or
 - 1.2. the releasing registered provider, or the course in which the overseas student is enrolled, has ceased to be registered
 - 1.3. the releasing registered provider has had a sanction imposed on its registration by the ESOS agency that prevents the overseas student from continuing his or her course at that registered provider
 - 1.4. any government sponsor of the overseas student considers the change to be in the overseas student’s best interests and has provided written support for the change.
2. International students requesting a transfer from SCEI to another registered education provider prior to completion of the first six months of their principal course of study must request approval to transfer by completing the student request form and provide a valid enrolment offer from another registered provider.

3. Application for transfer will be assessed and an outcome provided to the student within 10 working days of receipt of the application by Student Welfare.
4. As required by the National Code), before a Release Letter is approved and issued, the student must present a valid letter of offer of enrolment with the receiving registered education provider.
5. In accordance with the National Code), SCEI will grant the release because the transfer is in the overseas student's best interests, including but not limited to:
 - 5.1. The overseas student will be reported because they are unable to achieve satisfactory course progress at the current course of enrolment, even after the intervention strategy was implemented to assist the overseas student in accordance with Standard 8.
 - 5.2. there is evidence of compassionate or compelling circumstances
 - 5.3. SCEI fails to deliver the course as outlined in the written agreement
 - 5.4. there is evidence that the overseas student's reasonable expectations about their current course are not being met
 - 5.5. there is evidence that the overseas student was misled by the SCEI or an education or migration agent regarding the SCEI or its course and the course is therefore unsuitable to their needs and/or study objectives
 - 5.6. an appeal (internal or external) on another matter results in a decision or recommendation to release the overseas student.
6. In cases where the release is granted, it will be at no cost to the overseas student (unless the student has not meet the financial obligations to SCEI for the current study period) and SCEI will advise the overseas student to contact Immigration to seek advice on whether a new student visa is required.
7. In cases where the release is refused, SCEI will inform the overseas student in writing of:
 1. the reasons for the refusal
 2. the overseas student's right to access the provider's complaints and appeals process, in accordance with Standard 10 (Complaints and appeals), within 20 working days.
8. The submission of a request to transfer to another registered education provider by an international student does not preclude the international student from maintaining adequate course attendance and satisfactory course progression and therefore meeting their student visa conditions.
9. SCEI will issue warning letters and/or report students to DIBP who do not maintain adequate attendance or course progression, which may have implications for visa status.
10. SCEI not finalise the student's refusal status in PRISMS until:
 - 10.1. the appeal finds in favour of the SCEI, or
 - 10.2. the overseas student has chosen not to access the complaints and appeals processes within the 20 working day period, or
